

International Grants

Giving Approach

Support eligible charitable work around the world through a simpler international giving pathway.

Giving across borders can be costly, complex, and difficult to manage. AusGiving helps Australian donors support eligible overseas charities, activities, and projects through its partnership with TrustBridge Global Foundation and the TrustBridge Global Network.

Easy, safe, and impactful.

Our team helps you identify the appropriate pathway for eligible international giving.

Make a global impact with your giving.

Through AusGiving's partnership with TrustBridge, Australian donors can support eligible international charitable work that provides benevolent relief and is consistent with AusGiving's charitable purposes. International contributions of up to \$100,000 generally do not require a Giving Fund at AusGiving or a corresponding TrustBridge Foundation Fund. International contributions over \$100,000 generally require a Giving Fund at AusGiving and a corresponding TrustBridge Foundation Fund, and may involve additional due diligence, approval, administration, and reporting requirements.

Global giving, made simpler.

Support eligible overseas charitable work through AusGiving's partnership with TrustBridge.

If your heart is for the world, we can help your support arrive there faster, safer, and more cost-effectively.

✓ **Simple and Easy**

Our team helps guide you through the international giving process, including pathway selection, contribution handling, and coordination with TrustBridge where applicable.

✓ **Strategic and Impactful**

Support eligible overseas organisations, activities, and projects that align with AusGiving's benevolent purposes and your charitable intent.

✓ **Safe and Secure**

Your donations are handled with care, following ACNC External Conduct Standards, and managed through trusted international banks.

✓ **Cost-Effective**

A 3% Contribution Assessment applies to international contributions or transfers processed through AusGiving, subject to a minimum assessment of \$150 or equivalent.

✓ **Risk Reduction**

Reduce your risk by granting to vetted, eligible organisations under Australian standards.

AusGiving connects Australian donors to international giving pathways through TrustBridge, helping eligible grants move responsibly and efficiently.

3%

Contribution Assessment

This applies to international contributions or transfers processed through AusGiving. This supports processing, compliance, coordination, and handling costs associated with international granting.

Charity verification, recipient due diligence, onboarding, or reporting requirements may apply depending on the recipient, activity, contribution pathway, and TrustBridge requirements.

Contact our team today to discuss your international giving goals and the appropriate pathway for supporting eligible charitable work outside Australia.
